"HIS ABILITY TO READ THE TEAM AND TAILOR HIS MESSAGE TO OUR UNIQUE MOMENT WAS NOTHING SHORT OF MASTERFUL"

We had the privilege of welcoming Jacob to our team's offsite this summer. It was our very first meeting together since structural changes in our organization - and what a way to kick things off. His message around **Failing Forward** was not only timely but deeply resonant. He brought an electric energy that instantly connected with the room, and his ability to read the team and tailor his message to our unique moment was nothing short of masterful.

What stood out most was how he listened. He didn't just deliver a talk - he engaged, adapted, and made each person feel seen. His insights on finding "the rest" to stay centered were powerful and practical, and they've already sparked meaningful conversations among us.
